

TYPE 2 DIABETES in Argyll & Bute

COMMUNITY SURVEY

A&B | Transforming
HSCP | Together

Argyll & Bute Health & Social Care Partnership

Argyll & Bute Health and Social Care Partnership is undertaking research on type 2 diabetes to help inform its diabetes action plan. Through this survey we hope to learn more about public perceptions of type 2 diabetes in Argyll & Bute, including what people know about how it can be prevented or effectively managed. We also hope to identify barriers that prevent people from accessing the right support services, and to hear their ideas about how support for people with type 2 diabetes and their families and carers can be improved.

Please help by sharing your views and experiences.

Please follow this link to complete the survey:
